ON THE FENCE LINE AT THE CORNERS.

St. Paul, he took his pencil out
And then he paused to say:
"You see, the thing to me is plain.
An' happened just this way."
He laid a two pound weight upon
The paper near at hand:
"There's Fort Arthur, just the spot
Where all the Japs should land."

He drew a thing of funny shape
It cannot be denied:
"This is the bay, a battleship
This pound weight that's inside;
Them beans they are torpedoes boats
All ready for the shot;
Them peanuts are torpedoes, an'
A pesky thin' ter boot."

"Them oyster crackers cruizers are
The Japs are bringin' night;
An' now I'll show you all about
The fight—" Fort Arthur's shy,
For Perkins didn't do a thing
But take the fort to weigh
Two pounds of Persian prunes upon
The scales for Widow Hay.

"Zip goes them peanuts, an' gee whiz!
Torpedoes they are great—"
But Perkins leaned across and said:
"St. Paul, he took his pencil out
The beans they rattled on the floor—
The mighty fight is done—
While I see I remember gobbled down
Torpedoes one by one."

BANKERS TO MEET

Will Convene to Resist Revenue Agent's Suit for Back Taxes

Representatives of the State Banks in Kentucky have been called to meet at the Capital Hotel at Frankfort Friday to consult as to taking steps to fight the numerous suits being filed over the state by Revenue Agent Frank A. Lucas of Paducah for the recovery of taxes on individual deposits.

Mr. Henry R. Prewitt of Mt. Sterling, representing the Exchange Bank of that city, is at the head of the movement.

The meeting will be held regardless of the action taken by State Auditor Hager repudiating the action of Agent Lucas.

If the suits are persisted in, they will put many of the smaller banks over the state out of business.

HEAVY RAINFALL

The Equinoctial Storm Yesterday An Unusually Severe One

Passengers who left Cincinnati yesterday on C. and O. Flyer No. 2 were, by the time they had reached Bellevue, very apprehensive that they had made a mistake—that they should have taken a boat, for the whole face of the earth up to this side of New Richmond was a perfect lake, caused by the incessant downpour of rain.

Between New Richmond and Carntown there had not been so much water-fall, but from the latter point to Maysville the down-pour was terrific and incessant, alternating with hail.

Just this side of Augusta there was an exceptionally hazardous place where the water came rushing down from the hillside in torrents, having swept the mud over the track to the depth of about a foot.

Through this mass the engine slowly ploughed its way, and upon reaching a point of safety the Conductor promptly wired the officials at Cincinnati not to send another train over the road without inspecting the track.

This was done, and the Huntington Accommodation came in about three-quarters of an hour late, No. 2 having arrived twenty minutes late.

The 8:15 train last night was several hours late.

The damage is now fully repaired and the road made perfectly safe.

In the city the streetcar service was crippled for a few hours and a number of telephones were disabled.

Much damage is reported in the county by the heavy rainfall. Newly-plowed land was terribly washed, and what garden products had been planted were swept away.

It was the heaviest storm that had visited this section for sometime and in consequence creeks, etc., are full to their banks.

THE SALOON MEN

Organize to Conduct Their Business in a Proper Manner

The saloon men of this city had a meeting Monday night for the purpose of forming an organization for the better conduct of their business.

The object of their coming together as a society is not, as has been stated, to defy the city authorities in any manner whatever; on the contrary, it is their aim to so conduct their affairs as to meet with the approval of all fair-minded men.

The matter of operating, or permitting to be operated on their premises, slot machines, was the least of their thoughts at this meeting; in fact the subject was not mentioned one way or another.

As THE LEDGER is informed by one of their members the meeting was called to discuss purely business matters pertaining to their trade.

For instance, they handle bottled goods, which they claim, at a loss.

Then they have a lunch counter that stands them from \$40 to \$60 a month.

Those and other objectionable features they wish to eliminate and to do so successfully all would have to agree to it, and to do this an organization was necessary.

In all branches of trade there are certain ones who disregard the rights of others and conduct their business on lines to suit themselves, be they honest or dishonest, and the saloon men are no exception to the rule.

And in this regard the organization will be a restraint to those who would operate their place in such a manner as would be a stench in the nostrils of the public.

They wish to be understood as desiring to co-operate with the city officials in conducting their business in such a manner as will meet with the approval of the liberal citizen and as is granted them by license.

Frank A. Lucas has addressed a letter in reply to that of State Auditor Hager, in which he denies the right of the Auditor to interfere with the prosecution of the suits he has filed against certain Banks throughout the state for back taxes. Mr. Lucas says he derives his authority from the statutes and not from the State Auditor. Auditor Hager has directed the dismissal of all the suits filed by Lucas.

Governor Beckham Monday approved Senator Hyron's bill requiring National Banks to report to the State Auditor in order that the shares of stock of the National Banks may be assessed for taxation by the State Board of Valuation and Assessment, just as State Banks are now assessed for taxation. Under the old law the National Banks have been assessed by the County Assessors, and the new law makes uniform the assessments of all shares of Bank stock.

Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength. Sold by J. J. Wood & Son, Drugists."

Wakeful Children.

For a long time the two-year-old child of Mr. P. L. McPherson, 50 N. Tenth street, Harrisburg, Pa., would sleep but two or three hours in the early part of the night, which made it very hard for her parents. Her mother concluded that the child had stomach trouble, and gave her half of one of Chamberlain's Stomach and Liver Tablets, which quieted her stomach and she slept the whole night through. Two boxes of these Tablets have effected a permanent cure and she is now well and strong. For sale by J. J. Wood & Son.

A FEW WORDS ABOUT OUR SHOES.

When we added Men's and Boys' Shoes to our general stock of Clothing and Men's Furnishings we bought the kind of shoes that our many years business experience taught us you wanted. You have all learned to know there is no economy in buying cheap stuff of any kind, but much less so in buying cheap shoes. In the selection of manufacturers whose shoes we now handle we were careful to connect ourselves with the best in the land. We wanted to sell shoes on the same terms like all the other merchandise we sell, and that is if not reasonably satisfactory other merchandise in place of it, or other shoes in place of them, or the money refunded. We have learned that we can safely sell our W. L. Douglas and Hanan & Sons' Shoes on these terms. We sell thousands of pairs and rarely ever have complaints. When we do, we invariably adjust the matter satisfactorily. We want you to see our new Spring Styles. They will please you.

A WORD ABOUT OUR MERCHANT TAILORING.

Some of our friends will doubtless want their new Spring Suits made to order. We want to say to them that our new Spring Suits and Trousers are more than worthy of an examination. We would advise you to make an early selection, as we are already quite busy in the custom department.

WITH two monuments to GOEBEL and none to HENRY CLAY, Kentucky ought to read her title clear to a box seat at comic opera.

WHEN General Doctor Wood assumes command of Uncle Sam's Army he will probably inoculate the boys with the Jai Alai microbe.

THE confirmation by the Senate of Dr. LEONARD WOOD to be a full-blown Major General in the United States Army will create no surprise. Senator HANNA is dead.

THE Honorable KERBIN of Maryland knows how it is himself. He is a member of the Legislature, and was quite prominent in engineering the Jim Crow Bill through that body. When he went to a hotel the colored chef refused to cook for him, and the colored laundress declined to wash his shirt. So Mr. KERBIN, hungry and angry, had to travel from Snow Hill to Baltimore with an empty stomach and a dirty shirt.

THOSE who lay so much stress on the fact that CALEB POWERS has been three times "convicted" of the murder of Mr. GOEBEL, very conveniently forget to mention that two of these "convictions" were set aside by the Court of Appeals,—once when that Court was Republican and once when it was Democratic,—and that the third "conviction" is now before that Court for review. Editors who tell only that side of a story which fits their own narrow views should—Well, partisanship ought not blind any one to Justice.

Dr. Wood was made a Major General by a vote of 43×16. All honor to the 16.

ALWAYS to the forefront among the leaders in the State Senate, Senator W. A. BYRON of Bracken county has added fresh laurels to the victories that have marked his career in that body. The Byron Bill, assessing National Bank shares of stock in the same manner as State Banks by the State Board of Valuation and Assessment will yield an additional \$45,000 a year to the State Treasury, and the Senator from Bracken is being overwhelmed with congratulations upon the successful termination of his long continued fight for the enactment of this measure. The Democrats of Bracken knew what they were doing when they selected BYRON to formulate laws for the Commonwealth.—Louisville Times.

The compliments of The Times are deserved; and yet it is singular that Mr. BYRON's real worth was never recognized by the "Democrats of Bracken" when he was a Republican.

BECAUSE of the bitter feeling engendered by the recent Democratic primary election in Clark county, Ind., the Clark Circuit Court closed Tuesday without the Petit Jury ever being called for duty. When Court convened the lawyers who had cases to be heard decided that they did not want to risk the interests of their clients before a Jury that has not yet recovered from the effects of the primary election. The political atmosphere was thought to be still too warm to give promise of unbiased decisions, and Judge J. K. MARSH thereupon ended the Court term. Judge MARSH might probably be a good sort of person for some of Kentucky's political Judges to pattern after—the fellow who tried CALEB POWERS for instance.

Political Pickings

DEMOCRATIC INCONSISTENCY.

Cynthiana Log Cabin.

A fact which is causing considerable comment is that the five Republican Supreme Court Judges decided the Railway Merger case against the Railway Trust, and the combination will have to be dissolved, while three Democratic Judges rendered a contrary minority opinion. The majority opinion holds that Congress has absolute power to regulate combinations in restraint of interstate commerce, and that no combination, however skillfully formed, is beyond the supreme law of the land.

"DO IT TODAY."

The time-worn injunction, "Never put off 'till tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TODAY, and let that remedy be Dr. Richter's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure, as it has done before in thousands of apparently hopeless cases of lung trouble. REV. GEORGE W. RULAND

RESTORED TO HEALTH BY VINOL AND STRONGLY INDORSES IT.

Mr. Pecor Says Such Letters Justify His Strong Claims for Vinol.

Prominent men from all parts of the country are endorsing our Vinol, and strong testimonial letters from four Ministers of the gospel and several physicians have been received within a week. Such unsolicited testimony as this is the best proof of merit any medicine can have.

The Rev. George W. Ruland of Keene, N. H., writes: "I have used your cod liver oil preparation, Vinol, as a tonic, and I do not believe there is any other medicine that can equal it."

GEO. W. RULAND.

It built me up and strengthened me so that I was enabled to do very exacting work. Vinol has done for me more than was claimed for it."

I, J. C. Pecor, declare to the people of Maysville that there is no other remedy or cod liver oil preparation known to medicine that has the healing, strengthening power which Vinol has, and if it fails to create strength and health for run-down, debilitated people, old people, weak, sickly women and children, nursing mothers, and after a severe sickness; or if it fails to cure a hacking cough, chronic cold, throat or bronchial trouble, or to make those who are too thin fat, rosy and healthy, we will return every cent paid us for it.

Is there a sick, ailing or aged person in Maysville who can afford to ignore this generous offer? J. C. Pecor, Druggist.

READ IT THROUGH.

'Twould Spoil This Story to Tell It in the Headlines.

To use an eighteenth century phrase, this is an "over true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to short time ago Mrs. John E. Harrison of Media Station, Va., had no personal knowledge of the rare curative properties of Chamberlain's Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it soon cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try it and be convinced as I was." For sale by J. Jas. Wood & Son.

BEAN GOOSE

One of a Rare Species Captured in This Latitude

Ever since the opening of the duck season on the 15th of this month the Nimrods of this city and vicinity have been gunning every day. The ducks are from the South and flying North where they summer and feed on the celery beds of that section, returning late in the fall plump as butter balls.

Monday while out on one of his hunting expeditions Captain John Wells brought down with his trusty gun and unerring aim a fine large specimen of the bean goose specie. They are seldom found as far North as this latitude, their home being in the sunny clime.

Mr. Wells is justly proud of his trophy and has it on exhibition at his place of business. The duck season closes on April 20th.

A petition was filed in Federal Court at Cincinnati Monday by the Cincinnati, Portsmouth, Big Sandy and Pomeroy Packet Company asking that the Court appoint a commissioner to adjust claims against the steamer Sunshine, burned at Tiptonville, Tenn., ten days ago. The action is asked upon an act to limit the liability of shipowners, passed in 1857. The Company asks that the wreck and contents be appraised, and that any damage suits be enjoined until claimants have proven their claims before the commissioner.

"HELLO BILL"

Goodhue & Kellogg's funny farcical comedy. "Hello Bill" will be presented at the Opera-house Saturday, matinee and night, March 26th. "Hello Bill" is a farce that swings along evenly from curtain to curtain. There are no departures from its story in the way of specialties, and it is void of interruptions of any kind save applause. For three acts the participants in the comedy devote their entire time and attention to weaving an entangled web of domestic affairs. Every player appearing on the stage takes a hand in tying a knot and multiplying the numerous complications, all of which add to the discomfort of the characters of the play, but it is fun and amusement galore for the audience. Parties desiring seats can order same at Ray's after Wednesday and can get them Saturday.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder.

If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the entire body, and by Nature's law of health, full strength and vigor is soon restored to each. Kodol cures indigestion, dyspepsia and all stomach disorders.

I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy I seldom need it, as it has cured me. Mrs. J. W. COOLEY, Milo Center, N. Y.

NEXT DOOR.

"Next Door," the lively knock-about comedy, is without a doubt the only show before the American public. It abounds not only in the most laughable situations, but in startling sensational effects as well; it is as lively as a lot of Japanese torpedoes attacking Fort Arthur only the boulevardism is in the mentality of the listeners, and is due not so much to the scenes presented as to the manner of their representation. No production has ever been seen in this city that approaches it in lively curious farce. There is an abundance of high-class vaudeville specialties, but all are interwoven pleasingly with the thread of comedy, and the general effect is superb. At Opera-house Friday night. Seats now on sale at Kay's.
